IX All-Russian Scientific Conference (with international participation)

"Theory and Practice of System Dynamics"

Conference date: 30.03.2021 – 06.04.2021 г.

[Location: Kola Science Center, Apatity, Russia](#)

EVENT THEMES

1. Methodological issues of modeling the dynamics of systems
2. System dynamics in the study of socio-economic processes
3. Application of system dynamics in the study of natural and industrial systems
4. Information systems to support the management of regional development

A high-school seminar "Information Technologies and Mathematical Modeling" will be held within the framework of the conference.

Young scientists, students and post-graduates are to participate in review lectures that characterize the current state of scientific research in the indicated thematic sections and the prospects for their further development.

CONFERENCE LANGUAGES

Russian and English.

CONFERENCE SPONSORS
